## Building Kids. Building Faith

If your kids love listening to popular, catchy uptempo music then give them the Kingdom Kids Urban Praise CD. This CD offers trendy, original, hot music with a positive Christian message that they will fall in love with! This musical masterpiece is a mixed collection of unique urban Christian songs perfectly arranged for Children's Voices ages 13 and under. Kingdom Kids has powerful tunes with urban contemporary beats and it also features one of a kind arrangements of traditional gospel, spirituals, worshipful ballads, and a unique

version of a famous Christmas song with an African twist. The CD features several songs with the masterful vocal arranging of Lannie Spann McBride, Grammy nominated songwriter for the Mississippi Children's Mass Choir. Plus, you will experience the smooth, R&B, pop and jazzy sounding productions of Joshua Head, who has credits ranging from original film scores, urban music collections for international publishers and nationally acclaimed children's music curriculum. The "Kingdom Kids" project is diverse and the first of its kind with music specifically written for children's voices, and several publishers have licensed songs from the project for use in Multimedia, Sunday School, Vacation Bible School and Stage play productions.
